

VISION

St. John's school will provide all students with a safe and nurturing environment along with a rich and rigorous curriculum which respects diversity in learning styles. Our guiding principle is to provide excellent instruction in every classroom. We strive to be "A Level Above The Rest" by cultivating our students to be proficient in all curriculum areas.

PHILOSOPHY

St. John's Episcopal School is committed to being a school of academic excellence.

St. John's is a place where:

- children experience a loving and nurturing environment.
- curiosity and exploration of knowledge where ideas and real understanding is the goal of learning.
- children are encouraged to be problem solvers and life-long learners.
- children at St. John's are taught Christian values for use in their lives.

The goal of St. John's School is to meet the individual child's educational requirements including the: spiritual, social, physical, and emotional necessities.

St. John's Episcopal School will be the perfect school of choice for families who support the vision and philosophy of the school.
